

11th EUROPEAN THERMOFORMING CONFERENCE 2018

14–16 MARCH 2018 | ROME, ITALY

Thermoforming 4.0

Dear Industry Member:

During the 14th – 16th March 2018 in Rome, Italy we will be assembling one of the largest ever gatherings of European Thermoforming companies in one location. The historical city will host the 11th biennial conference of the Society of Plastics Engineers, European Thermoforming Division.

The two-day Conference promises to bring together Europe's leading thermoforming processors as well as representatives from allied industries to discuss technical advances within the industry and to hear the views of internationally renowned experts in the field.

In supporting the Conference through sponsorship you obtain major recognition and exposure to the attendees. Your company details appear not only on all the advertising medium leading up to the conference but also enjoy high profile positioning during the conference including instant rolling electronic displays.

Our sponsorship deals offer excellent value and enable you to enjoy maximum impact at this highly prestigious biennial event.

Sponsors will have the opportunity to make a 10 minute commercial presentation to an audience of industry professionals all eager to learn of your latest technical developments.

Your company information and logo will be posted on the [ETD website](#) for a period of 2 years after the event. The ETD will acknowledge your support to both the conference and your industry by presenting a commemorative plaque to your representative at the Conference Sponsors Dinner.

Additionally, you may wish to consider a Tabletop within the exhibition area, but please be aware that these are limited in availability.

Your Sponsorship and Tabletop exhibition, application form is attached – please complete and forward to the address below.

May we take this opportunity to thank you in advance for supporting the efforts of all those involved in raising the profile of Thermoforming, we look forward to meeting with you in Rome, Italy in 2018! !

Gabriel Bernar

Chair European Thermoforming Division

Yetty Pauwels
