

January 2019

SPE European Thermoforming Newsletter

The “SPE European Thermoforming Newsletter” is published by the European Thermoforming Division of the Society of Plastics Engineers. SPE is an international association for plastics professionals with over 20 000 members worldwide.

Their objective is promoting international communications amongst their members.

The “SPE European Thermoforming Newsletter” is published 2 times a year and is mailed to SPE ETD members worldwide.

Advertisers will get a direct link to their own website.

Advertising rates per publication for ‘ready to print’ material
