10th European “Thermoforming” Conference 14th – 16th March 2018 – Rome, Italy

Dear Industry Member,

We are delighted to announce our 11th conference is to be held in the famous ancient city of **Rome, Italy**.

The European Thermoforming conferences have been **servicing the Thermoforming Industry for over 20 years** and are now recognised as the most important industry events in Europe that also attract professionals from around the World.

We would strongly urge you not to miss the opportunity to **raise your industry profile** to those that really matter - a captive audience of true industry professionals assembled on a global stage.

Our sponsorship deals offer **excellent value** and enable you to enjoy maximum impact at this highly prestigious biennial event.

In supporting the Conference through sponsorship you obtain major recognition and exposure to the attendees. Your company details appear not only on all the advertising medium leading up to the conference but also enjoy high profile positioning during the conference including instant rolling electronic displays.

Sponsors will have the opportunity to make a 10 minute commercial presentation to an audience of industry professionals all eager to learn of your latest technical developments.

Your company information and logo will be posted on the ETD website for a period of 2 years after the event. This potentially represents a significant return for a moderate investment.

The ETD will acknowledge your support to both the conference and your industry by presenting a commemorative plaque to your chosen representative at the Conference Sponsors Dinner.

Additionally, you may wish to consider a Tabletop within the exhibition area, but please be aware that these are limited in availability. To avoid disappointment, we would recommend, an early application be made!

Your Sponsorship and Tabletop exhibition, application form is attached – please complete and forward to the address below.

May we take this opportunity to thank you in advance for supporting the efforts of all those involved in raising the profile of Thermoforming, we look forward to meeting with you in Rome, Italy in 2018!

Gabriel Bernar,
Chair European Thermoforming Division

During the 14th – 16th March 2018 in Rome, Italy we will be assembling one of the largest ever gatherings of European Thermoforming companies in one location. The historical city will host the 11th biennial conference of the Society of Plastics Engineers, European Thermoforming Division.

The two day Conference promises to bring together Europe's leading thermoforming processors as well as representatives from allied industries to discuss technical advances within the industry and to hear the views of internationally renowned experts in the field.
